# WELCOME

BONIKA Medline Kft. is proud to continue manufacturing excellent dental implants and abutments in 2026. Our goal is to further strengthen our position in both domestic and international markets while continuing to serve as a trusted partner to the dental community. We are committed to continuously improving the quality and innovation of our products to offer the best solutions for patients and dentists. Additionally, we actively contribute to a better future through our sustainability initiatives and social responsibility efforts.

**József Hajdú**  
founding owner,  
executive manager

For 2026, the BONIKA team's primary goal is to increase the number of satisfied patients who enjoy the joy of carefree chewing and confident smiles thanks to BONIKA implants. To achieve this, we rely on your expertise—only the most skilled professionals can ensure our high-quality implants are applied properly.

We would like to take this opportunity to thank our partners for their trust and loyalty. This year, we are rewarding your support with additional discounts and exclusive offers.
