It is well known that dental treatment can be an unintentionally frightening experience for the patient, especially when it involves a major procedure such as dental implant surgery. To support patients and reduce treatment costs, we've created an exclusive dental implant loyalty program that gives everyone a smile they've been dreaming of for years! The „DentElit” Golden Card is a special, personalized discount offer that gives you a 30% discount on the purchase of any dental implants from BIONIKA. By using the Golden Card, your patient can be sure of receiving the best possible care at the best possible price.
