# 35 YEARS OF BIONIKA

# OUR DEAR PARTNER!

It is both an honor and an exhilarating feeling to have supported your work and goals for 35 years with our custom-made products, known for their excellent quality and prompt

delivery. Implantology professionals can choose from hundreds of dental implants in Hungary and thousands of dental implants worldwide. How are we different from other implant manufacturers?

**József Hajdú**  
founding owner,  
executive manager

- One of our distinctions lie in our new loyalty program, monthly offers, and campaigns will help you beat the ever-increasing prices. We support your professional success with unique discounts and exclusive offers.
- While our domestically manufactured products adhere to high standards, BIONIKA's mission is to maintain its position as a world-class implant manufacturer, embodying outstanding Hungarian quality.

As we celebrate our 35th birthday, we extend heartfelt thanks to all BIONIKA Partners for supporting us through purchases and invaluable advice. Without your support, this milestone would not be possible.

We hope to continue working together in the future with the same enthusiasm fostering an even closer relationship in the future.
